

Application for DNA testing International & Immigration

How did you hear about DNALabs?

- Website specify
 Brochure (where did you get it from?)
 Immigration
 Migration agent/Migration lawyer
 Other specify

Step 1

Complete this application form and return to DNALabs. Remember to attach your 'Letter of offer' if this request is for an immigration application. You can mail, email or fax the document to:

DNALabs
 Locked Bag 145 E: info@dnalabs.com.au F: +61 2 9855 5446
 North Ryde NSW 1670

Step 2

Once we receive the application, we will send a booking information pack to each person being tested in Australia (allow 2 days). This allows each person to book their own DNA collection. The booking information pack includes an instruction letter and consent form (known as Form 2).

Step 3

We will send a kit to the doctor for each person being tested overseas. If your test is for an immigration application, we will also arrange for an approved witness to attend the appointment.

Step 4

Once the appointment overseas is confirmed, we will send notification to the applicant with details.

There will be an additional fee for the collecting doctor overseas and clarification of this fee can be sought from the doctor directly prior to confirmation of the appointment.

Step 5

The DNA samples will be sent to our laboratory for processing and your results will be sent to you from 10 working days. We recommend this report goes to your doctor or a legal professional to help you interpret the result. Please fill in the box below to indicate who should receive the report. A report will also be sent to the Department of Immigration and Border Protection (DIBP) if this request is for an immigration application.

Your understanding of this process is important to us, please call us on 1300 663 244 if you would like to discuss any part of your application.

Report

Name: _____
 Address: _____
 Suburb: _____
 State: _____ Postcode: _____
 Phone: _____ Fax: _____

If applicable: Australian Embassy / Consulate / High Commission where this application has been lodged: _____

Embassy Reference Number: _____

I have attached the letter from DIBP offering DNA testing.

I, _____ give DNALabs authority to release my information and DNA testing report to DIBP or the requesting Australian High Commission, Embassy or Consulate.

Signature: _____ Date: ____/____/____

DNA testing may result in unexpected outcomes with significant effect on persons tested. It may be useful to discuss the implications of the results for you and your family with a counsellor or legal professional before undergoing testing. Results will only be faxed to a doctor or solicitor. Results cannot be issued to a minor under the age of 18. All persons tested in a case can request a copy of the results by application (additional fees may apply).

DNA Test

Case fee <i>testing of up to three donors</i>	\$1250
Additional person <i>e.g. testing an additional sibling or child</i>	\$250 per person

To complete this application, please select the biological relationship we are testing for

Paternity testing

Maternity testing

Y Chromosome (Y-STR)

This test will look for a common paternal line between male donors.

X Chromosome (X-STR)

This test looks for a common paternal line between sisters.

We will require mother's DNA if the sisters share the same mother.

Do the testing siblings share: Mother Father Unsure

Sibling testing

This test will look for a possible full Sibling or a half Sibling relationship.

Do the testing siblings share: Mother Father Unsure

Other relationship testing*

We can test Uncle, Aunt, Grandparent and other relationships. Please describe the relationship (if possible, please attached a family tree diagram to assist us):*

Express testing*

P.O.A.

*P.O.A Price on application *Please contact 1300 663 244 for pre-approval of these services. Prices are correct at time of publication (December 2016), however may be subject to change.*

DNA testing relies on comparisons of the parties tested to the general population. For example, the test assumes that no one related to the testing father could also be the father. Please notify us if this is not the case for you. DNA relationship testing will yield an informative answer for the analysis of mother-child-father relationships. DNA relationship testing may not always be as informative for other relationship testing combinations.

This will only be evident to the lab after testing.

Payment

Cheque/Money order (Please make payment to "DNALabs")

Please mail your Cheque/Money Order along with this application

Electronic Funds Transfer

Bank: ANZ Banking Group Limited
 Branch: North Ryde
 BSB: 012 327
 Account number: 8334 14582
 Account name: Douglass Hanly Moir Pty Limited
 Swift code: ANZBAU3M
